

# SECONDARY EDUCATION

We prepare students to teach, change lives, and impact communities. The Secondary Education Licensure program is for students who are interested in teaching individuals in grades 7-12. Licensures are offered in biology/life science, chemistry, integrated language arts, integrated math, integrated science, and integrated social studies.

## BEYOND THE CLASSROOM

### HANDS-ON EXPERIENCE

Field experiences begin sophomore year, with a service learning experience in an area school. This continues into the junior year, when students take a practicum in a student's chosen content area. During the senior year, students complete a second practicum experience, followed by a student teaching experience in the subsequent semester.

Initial licensure programs are accredited by the Council for the Accreditation of Educator Preparation.
