

SPORT MANAGEMENT

The Department of Sport Management familiarizes students with all aspects of the sport industry and prepares them to be leaders of the future. Our goal is to create a stimulating and cooperative learning environment for analyzing issues pertaining to the business and culture of sports. As one of the few sport-based degree programs housed within a business school, we offer a comprehensive, business-focused curriculum that incorporates classroom learning with real world, experiential learning. Sport Management students may enroll in the 4+1 MBA program during their senior year. This option enables students to graduate with two degrees in five years: a Bachelor of Science in Sport Management degree and a Master of Business Administration.
